

Turning Point

Substance Use Disorder Treatment
A new service at Mission Community Hospital

We provide a variety of outpatient treatment services that allow you to balance work, school and family life while receiving expert support on your road to recovery.

Dual Diagnosis and Medication Assisted Therapy

We provide state-of-the-art therapies to treat both substance use disorders and accompanying mental health issues.

Group and Individual Therapy

Our Combination therapy approach allows you to connect with and learn from your peers while also receiving personalized, one-on-one support for deeper personal concerns. Our skilled medical and professional staff are trained in up-to-date therapies such as Cognitive Behavioral Therapy (CBT) and Dialectical Behavioral Therapy (DBT).

Who We Are

Our Mission is to implement evidence-based treatments that address the complex physical, psychological, and social needs of individuals struggling with addiction. Through a combination of personalized medical care, behavioral therapies, and support services, our Intensive Outpatient Program (IOP) empowers individuals to achieve lasting recovery and improve their quality of life. We are committed to fostering a safe and welcoming environment that promotes healing and growth.

Special Features

- Continental Breakfast, Lunch and Nutritious Snacks
- Complimentary Transportation in the San Fernando Valley
- 24-hour Call Center for Medical Detox and Psychiatric Emergencies
- Case Management
- Medication Management

Why Choose Our Program?

Turning Point programs are designed to help people suffering from a wide range of substance use disorders and mental health issues. Our medical and professional staff and the groups we offer help our patients feel supported and cared for.
